## VERSE 1

I bought in you did too  
That love lasts forever, love can conquer all  
And it ain't no lie, no, it ain't no lie  
Love don't take love away, it only makes change  
But you gotta go, you gotta go, wherever it takes you.

## CHORUS

Love makes change, love makes change  
Give it a buck and you get back two  
But you gotta go, you gotta go, wherever it takes you.

## VERSE 2

And so I went down the road  
I had to follow love and  
I left my job behind  
I gave it a buck and I got back more  
More than I ever wanted, I ever bargained for  
I have to follow my love now, till I can't walk anymore

## CHORUS X 3
